

BORMA WACHS[®]

Wood Professional Cosmetics

Technical Data Sheet

00 del 20.10.2012

HOLZWACHS

DESCRIPTION:

A professional product containing the main waxes of mineral, animal and vegetable origin, preventing the formation of cracks, swellings or fading of all types of wood surfaces.

Its protective capacity is sustained by extra resistant luminous pigments which enhance the warmth and colour of the wood, retouching possible flaws. Can be applied with a brush or a piece of woolen cloth. Wait a few minutes before polishing.

Contains virgin bees' wax and carnauba.

ANTI - WOODWORM

Colors available: neutral, yellow, light walnut, medium walnut, dark walnut, mahogany.
